

Teachers' Salaries Fixed

Funds Are Okayed By United Board

Two major decisions were reached when the United Local School District Board of Education met Monday.

Appropriations for the operation of schools in 1964, totaling \$630,817.34, were accepted and a new salary schedule for teachers was adopted.

Included in the appropriation were the following:

General fund, \$512,093.37; bond fund, \$72,681.00; and cafeteria fund, \$46,042.37.

The new salary schedule, which will go into effect Sept. 1, will range from \$3,450 for teachers with two years' training and no experience, to a maximum of \$6,300 for teachers with master's degree and 11 years' experience.

Base starting salary for a teacher with the bachelor of art degree is \$4,300.

Besides increasing teacher salaries, the board updated the pay for extra duties performed by teachers as follows:

Head football coach, \$500; assistant football, \$350; head basketball, \$500; assistant basketball, \$300; head track, \$250; assistant track, \$150; athletic director, \$200; freshman coach, \$200; junior high basketball, \$200; junior high football, \$200; junior high track, \$100.

Cheerleader coach, \$100; vocal music, \$200; band director, \$656; dramatics, \$150; yearbook adviser, \$150; and newspaper adviser, \$100.

In other business, the board accepted the contract of J. D. Lindesmith of Hanoverton to install fluorescent lights in the administrative offices at a cost of \$388.

Continuation of the summer kindergarten program was approved. Sessions will be held this year from June 22 to July 31. Two teachers who conducted the classes last year, Miss Sarah Wilson of Reilly School in Salem and Miss Helen Stokovic of West Branch School, will be asked to continue as teachers for the program.

Robert Myers, clerk, was authorized to place six orders for information services from the National School Boards Association at a total cost of \$30 per year. One order was made for each board member and one copy of all materials will be sent to the superintendent's office.

The resignation of Donald Brunner, mathematics and science teacher in the high school, was accepted, effective at the end of this school year.

Naming of an architect to draw up plans for a school addition was postponed, although trips or making appointments during March to visit schools under construction or recently completed by the four architects under consideration.

He suggested the council name a committee to study the feasibility of the recommendation.

Stockman appointed Ralph Kennedy of Leetonia, William Ferguson of New Waterford, Charles Gause of Hanover Township and J. Eyer Hinchcliffe of Center Township to the committee, along with the county health and safety council.

Vote Board Renames Stacey, Returns Staff

The Columbiana County Election Board re-elected Carl L. Stacey, Columbiana Democrat, as chairman for two years and returned its staff for new two-year terms at its reorganization meeting Monday afternoon at its East Liverpool office.

Frank R. O'Hanlon, East Liverpool Republican, was returned for a new term as clerk. State law provides the chairman and clerk must be of opposite political parties.

Mrs. Hillis Conner of East

Liverpool was named to a new term as deputy clerk, with Miss Rebecca Resnick, also of East Liverpool, returned as assistant clerk. Mrs. Conner is a Democrat and Miss Resnick is a Republican.

The three were sworn in by Municipal Judge Samuel M. Chertoff.

Stacey and Atty. Charles Pike, Lisbon Republican, began new four-year terms Sunday on the election board after being appointed by Secretary of State Ted W. Brown on the recommendation of the two county party organizations.

Holdover board members are Don R. Gosney of Columbiana, Democrat, and Atty. James L. McSweeney, Wellsville Republican.

The board agreed unanimously to "rigid enforcement" of a requirement that precinct presiding judges return precinct records and supplies to the board immediately after the election count is completed and reported to the board.

O'Hanlon said the requirement is a precaution against election records being destroyed by fire.

Presiding judges in the East Liverpool district will return their records and supplies to the board's office in East Liverpool while those in the Wellsville district are to deliver their records to the water works office.

Slides Destroy Chilean Town

At Least 7 Dead,
Many Are Missing

SANTIAGO, Chile (AP) — An Andean volcano was reported today to have erupted and triggered avalanches that destroyed the little town of Conaripe and threatened a 60-mile area of southern Chile containing 20,000 persons.

Press reports from the stricken area said at least 25 persons had been killed after the fiery eruption of 9,325-foot Villarrica volcano early Monday, but police said only seven deaths had been confirmed.

"Nothing is left of Conaripe," a civilian pilot said after flying over the mountain valley about 50 miles south of Santiago Monday. "There is only mud and water where the town was."

Other reports said 80 per cent of the town's buildings, including three hotels, were destroyed.

Police at Temuco, 60 miles northwest of the volcano, said "many people are missing and we do not know what their exact fate has been."

Conaripe, a resort and lumbering center, had a population of several hundred. It was on a southern slope of the volcano in the heart of the towering southern Andes.

A radio report said a group of about 150 persons were huddled on a patch of high ground near the site of the destroyed town.

It was feared that the missing included tourists, who flock to fishing and yachting resorts in the area at this time of the year, the end of the Southern Hemisphere's summer. Most tourists, however, frequent the larger towns of Valdivia and Pucón, which were reported outside the danger area.

E. Liverpool To Get New Post Office

EAST LIVERPOOL, Ohio (AP)—This city is to have a new Post Office building.

This was announced by George Wilshaw, City Council president, Monday night.

He said the building, which will cost between \$400,000 and \$500,000, will be built in a two-block area bounded by Third Street, Church Lane and Jackson and Market streets.

Work on clearing the site for the new Post Office will be started shortly and the structure is expected to be completed by the end of the year, Wilshaw said.

Admission to U.N. Unit Demanded

Red China Cause Boosted by France

GENEVA (AP) — France today demanded the admission of Communist China to the United Nations World Health Organization.

The French announcement on the opening day of the annual WHO assembly indicated that France will take a similar position in the U.N. General Assembly and in all organizations affiliated with the United Nations.

French delegate Eugene Aujaleu made the announcement as the assembly debated a Soviet proposal to recognize the Peking regime as the rightful representative of China in the 110-member health organization.

It was the first time any major international body has faced a challenge to the Chinese Nationalist delegation since France recognized Red China on Jan. 28.

Every WHO assembly since the Communists took over the Chinese mainland in 1949 has opened with a demand by the Soviet bloc and neutralist African-Asian countries that Red China replace Nationalist China in the organization.

The proposal invariably has been rejected by a majority which accepted the Western argument that WHO should take no such political decision independently of the U.N. General Assembly.

France has always supported this Western position. The French switch of sides failed, however, to upset the traditional Western majority. The Communist challenge to the Chinese Nationalist delegation was re-

jected by 51 votes to 21, with 2 abstentions. France voted to support the challenge, together with the Soviet Bloc and the neutralists.

Aujaleu's statement left a number of questions unanswered. It did not explain whether France wants the present Chinese Nationalist delegation replaced, or whether it wants Red China admitted in addition.

Mount Gets CFA Loan For Dormitory

ALLIANCE — Mount Union College today received a \$450,000 loan from the Community Facilities Administration to help toward construction of a men's dormitory.

The dormitory, expected to house 125 men in double rooms, will be L-shaped, with one wing facing on Aultman Ave. and the other on State St. It will be a three-story building.

Construction of the dormitory is expected to get underway this fall, with the fall of 1965 being the tentative completion date.

The College applied to the Community Facilities Administration for the loan last year.

Group Protests Dump Near Leetonia School

A protesting group of approximately 60 persons met with Columbiana County Commissioners Monday afternoon at Lisbon to object to the new land fill dump scheduled to open sometime in April in Section 2 of Salem Township on the old Wilms farm.

Robert George of Columbiana was issued a license to operate the dump by the County Health Department, after the former dump he operated near Columbiana became filled.

The commissioners advised the group they had no authority on dumps providing they had passed health regulations.

Among the complaints heard were that the operation of the new dump would bring in rats, pollute the Washingtonville wells and that the dump would be too close to private property and School.

Cyprus Assent On Compromise Plan Expected

Schools In Pinch

Due to Less State Aid, Group Told

By GLENN SCHOTTEN

A tightening tourniquet about the money artery through which dollars flow from the state to local school districts is choking off more and more aid and heaping heavier burdens onto the shoulders of the local taxpayers.

Robert Beynon, director of research for the State Department of Education, speaking here last night, said the amount of school revenue supplied under the State Foundation program (in operation since 1934) has dropped an average of 13 per cent in the past 13 years. Salem has lost even more than the state average, he told 50 townspeople, chiefly profes-

als, at a Board of Education-sponsored lecture on state school financing.

In 1941, Beynon said, per cent of total revenue supplied to schools by the state averaged 43.17 compared to 30.81 in 1962-63 year.

Salem Off 2 Per Cent

Salem's share of total revenue from the state is two per cent below the state average or 28.65 per cent. This amounts to \$115.54 per pupil.

The breakdown of revenue in Salem schools in 1962-63 was 1.59 per cent or \$2.39 per pupil from federal funds; 28.65 per cent or \$115.54 per pupil from the state, and 70.75 per cent or \$285.29 per pupil from local tax monies.

Equivalent figures for the state as a whole in that same period were 1.24 per cent of total revenue or \$4.77 per child from the federal government; about 29 per cent or \$118.07 per pupil from the state, and 68.09 per cent or \$269.07 per pupil from local effort.

The figures show that Salem taxpayers paid some \$23 more per pupil in 1962-63 than the Ohio average.

Atty. Bryce Kendall, Salem board vice-president and public relations chairman, appealed to citizens of the city and Ohio to bring pressure to bear on lawmakers, privately and through existing agencies, to halt the decline of state aid and to eventually increase it again.

He and board member Robert Campbell asked what school districts, some already taxed to the limit, are expected to do with less and less money from the state?

In little Delaware, 90 per cent of total school revenue is derived from the state, Beynon said. In New York state support runs 50 per cent. California ranks very high also.

"I admit, this tight money situation in Ohio is a real problem," Beynon said. He advised residents to contact their legislators and let them know their feelings on school financing.

School districts face a further reduction in funds as a result of a new ruling by the State Controlling Board that local school districts will be asked to pay for any deficit in operating the school foundation program.

The program has lived with a deficit at the end of each quarter, with the Legislature expected to make up this amount. To erase his burden, the school districts in the next biennium will be asked to pay their dollar share in the School Foundation appropriation, according to a letter received by Supt. of Schools Paul E. Smith from the State Department of Education. The amount Salem must pay was not quoted but it may run in the vicinity of two per cent of the current receipts for the

International Peace Force Is Proposed

Formula Includes
Naming Mediator
To Solve Crisis

UNITED NATIONS, N.Y. (AP)—Cyprus was expected to give its approval today to a new small-nation proposal authorizing U.N. Secretary-General U Thant to send an international peace force to the Mediterranean island.

The compromise formula, worked out by five of the six elected members of the U.N. Security Council, was presented to the 11-nation council Monday by Brazilian delegate Carlos Alfredo Bernardes.

The resolution also called for Thant to name a mediator to help solve the constitutional crisis that has brought the Greek and Turkish Cypriots nearly to civil war.

Acceptance by Cyprus was regarded as the key to the plan's success. It faced a possible Soviet veto unless it met the approval of Archbishop Makarios, the Greek Cypriot president of Cyprus.

Neither the Cyprus nor the Soviet delegation would comment on the resolution. Sources close to the Greek Cypriots said the believed Makarios would go along.

The resolution was drafted by Brazil, Norway, Ivory Coast, Morocco and Bolivia.

The main obstacle had not been the proposed international

Suspect In Holdup Here Faces Hearing

A preliminary hearing will be held Monday at 2 p.m. in Northwest County Court here for Johnnie B. Pounds, 38, of Alliance, one of two men charged with the armed robbery of Lippitt's Paint & Linoleum Store on Rt. 62, west of Salem, last Thursday.

Pounds pleaded not guilty to the charge when he appeared before County Court Judge Luther J. Donbar Monday. Bond was set at \$1,500 for Pounds, who has been lodged in the Columbiana County jail in Lisbon.

Pounds and Samuel Minor, 32, of Youngstown were wounded by Alliance police after they were nabbed near Alliance an hour after the robbery.

Pounds was taken to Alliance City Hospital for a gunshot wound of the head and was returned to Columbiana County following his discharge from the hospital Saturday.

Minor pleaded innocent to the armed robbery charge when he appeared before Judge Donbar last Friday and was bound over to the grand jury after waiving a preliminary hearing. He is being held in lieu of \$1,000 bond.

The men also have been charged with the theft of a pickup truck in Alliance, allegedly used in the robbery. The truck belongs to Ronald Tuel of RD 5, Alliance.

Minor pleaded guilty to the auto theft charge but Pounds pleaded innocent to the charge at a hospital arraignment and waived preliminary hearing.

Both men were bound over to the Stark County Grand Jury. Bond was set at \$1,500 each.

Gen. MacArthur Undergoing Tests for Abdominal Pains

WASHINGTON (AP) — Gen. Douglas MacArthur, the old soldier hero, was undergoing tests today at the Army's Walter Reed Hospital for "abdominal complaints."

Hospital officials refused to say how serious his condition was, and announced that no information would be available until the examinations were completed and evaluated.

Other sources said the general would be treated for jaundice—a yellowing of the skin that can be associated with various ailments, including hepatitis.

The general, 84, did not appear to be in acute pain Monday when he arrived after a flight from New York, where he has lived since 1951.

MacArthur, looking as though he recently had lost weight, climbed from the military plane and walked to a limousine which took him to the hospital.

Arriving at the side entrance to the main building, MacArthur walked resolutely up a slight incline, paused for photographers, then entered the elevator which took him to the five-room, third-floor "V. I. P." suite.

This is the suite occupied by former President Dwight D. Eisenhower when he underwent a serious abdominal operation several years ago, and by a host of other famous persons, many of them foreign dignitaries.

After a brief luncheon, the examinations were begun, the hospital said.

Reporters glimpsed MacArthur, dressed in pajamas and bath robe, as his wheel chair was shoved into an elevator on the third floor, apparently on his way to an examination room.

After MacArthur had left New York an announcement said simply that he planned to enter Walter Reed for "observation and evaluation of abdominal complaints."

MacArthur was accompanied by his wife and an aide, Maj. Gen. Courtney Whitney. Mrs.

lumbiana, Crestview and Kaiser Chemical Co. The winners will be announced tonight and prizes presented.

Trophies will be given to the best individual junior high and best individual senior high project. Ribbons will be given to others and to elementary rooms which prepare the best display.

Fears Deepen For Life of Greek King

ATHENS, Greece (AP)—King Paul's doctors announced today that the ailing Greek monarch has been hit by another medical complication.

A medical bulletin said the king, suffering from a blood clot in his right leg and another in his left lung, was having increasing difficulty urinating.

"Since yesterday," said a medical bulletin, "his majesty the king has been showing progressive difficulty in urinating. Otherwise his condition remains unchanged."

A bulletin Monday night said the blood clots showed "a slight improvement under the influence of treatment" but added: "The worsening condition of his majesty the king, provoked by the clots, is continuing."

The 62-year-old monarch was operated on for a stomach ulcer two weeks ago. He had been reported improving steadily until the clot in his leg, diagnosed as thrombo-phlebitis, sent him back to bed Sunday.

On Monday he suffered an embolism in the left lung.

The latest announcement deepened fears for the king's life.

Queen Frederika, Crown Prince Constantine, 23, who is serving as regent for his father, and other members of the royal family were keeping vigils at the Tatoi Palace, where the king is.

2 Drivers Forfeit Bonds In Lisbon

LISBON — Two motorists involved in accidents Saturday afternoon forfeited bonds in Mayor Dean Stockman's court Monday night when they failed to appear for hearings.

Dale A. Carlisle, 26, Leetonia RD 1, left a \$25 bond for defective brakes and Gregg Deemer, 20, Lisbon RD 5, a \$15 bond for failing to stop within the assured clear distance.

Both were cited by village police after Carlisle's car ran through a stop sign at High St. and N. Market and struck a truck-trailer. A Lisbon school bus which stopped for this accident was struck in the rear by a car driven by Deemer.

JAIL ESCAPEE HUNTED

PORTSMOUTH, Ohio (AP) — Authorities in a three-state area are hunting for William Ivan Mullins, a suspected car thief, who escaped from the Scioto County jail early Sunday.

Mullins, of nearby Lyra and Akror, apparently used blades smuggled in by visitors to saw through bars on top of his cell and then escape by way of the courthouse adjoining the jail.

THE WASHING OF THE FEET

Before taking leave of His Apostles, Christ gave them a lasting lesson in humility. Wrapping a towel around Himself, he poured water into a basin and began to wash their feet.

Simon Peter was aghast at his Master's actions. "Lord," he said, "Thou shalt never wash my feet!"

Jesus answered him, "If I do not wash thee, thou shalt have no part of Me." Simon Peter said unto Him: "Lord, not only my feet, but also my hands and my head." (John XIII:9)

LBJ, British Labor Chief Hold Parley

WASHINGTON (AP)—British Labor party leader Harold Wilson ends his Washington visit today after having what he called "a very good, frank talk" with President Johnson.

He declined to spell out just what they discussed Monday, but told reporters he couldn't think of any important subjects they hadn't touched on.

"We had a very enjoyable talk," he said. "It was very frank. There were no difficulties of communication or lack of words."

Wilson holds a news conference today in the British Embassy then leaves the capital to receive an honorary degree from Bridgeport University in Connecticut. He arrived here Saturday.

Wilson, who would become prime minister if the Labor party wins the forthcoming British election, said his trip here had two purposes: to bring himself up to date on American thinking and to answer any questions put to him.

Asked for his evaluation of Johnson, the Labor party leader said: "I felt the Western Alliance and the United States are in good hands."

Wilson wouldn't be drawn into a discussion of British politics but did say he thought the British election would be held soon, rather than in the fall.

Although Prime Minister Sir Alec Douglas-Home could put the voting off until fall, there have been reports it may be held in June.

Before conferring with Johnson, Wilson talked with Secretary of State Dean Rusk, Undersecretary George W. Ball, Secretary of Defense Robert S. McNamara and McGeorge Bundy, the President's special assistant on national security affairs.

Wilson was accompanied here by his wife and 15-year-old son. While he and Johnson had their conference, Mrs. Johnson and Mrs. Wilson talked over tea.

Woman Sues Store As Result of Fall

LISBON — A suit for \$29,048.21 for personal injuries and expenses resulting from a fall in a grocery store was filed in common pleas court Monday by Faye McGraw, East Liverpool.

Loblau Inc. of Cleveland was named the defendant.

Mrs. McGraw claims that on March 31, 1962, she was shopping at the Loblau store in East Liverpool, when she slipped on the floor and fell, fracturing her left hip. She alleges the floor was covered by a slippery substance. She claims \$6,000 for loss of wages; \$1,659.19 for hospital expenses; \$763, doctor expenses; and \$626 for drugs and miscellaneous expenses.

Third Party In the Ring

President Johnson believes the biggest trouble in the world today belongs to Red China and the Soviet Union, whose ideological quarrel makes U.S. problems look small by comparison.

That's what he was quoted as saying in a Los Angeles speech. It's one way of looking at the Communist split, but we're not convinced it's the right way.

Communism's infighting may spell big trouble for the two nations directly involved, but when you consider what they're quarrelling about, the United States has a stake in this big trouble, too.

The Bear and the Dragon are snapping at each other about how to achieve the goal of Communist domination of the free world. The Kremlin pattern, at the moment, calls for a peaceful and gradual

Communist takeover. Peking, on the other hand, is in a hurry and would like to apply force.

It's easy to rejoice when two bullies intent on beating you up begin to beat each other, instead. But when they're only fighting over the best way to kick you in the head, what's there to cheer about?

And if the Bear and the Dragon ever do get into an all-out scrap, how does Uncle Sam keep from getting himself involved? The U.S. doesn't play the neutralist role very well, and in the nuclear age, that role is harder than ever.

President Johnson is partly right. The Kremlin and Peking have a humdinger of a quarrel on their hands.

But he's wrong if he thinks the U.S. can relax at ringside while they fight it out. We're in the right, like it or not.

It Always Hurts a Little

We have the impression Ohio's Bureau of Unemployment Compensation will get along somehow on the adjusted allotment it has been given by the Bureau of Unemployed Security in Washington, D. C.

This is the upshot of the situation that

made headlines when the Ohio BUC director, Willard P. Dudley, declared he couldn't make ends meet after a \$1,111,063 cut in his administrative allotment. He now has been given \$384,055 from federal contingency funds to tide him over. He says it's not enough but he will try to stretch it. Good for him.

We pointed out that if the Ohio BUC cutback was part of a nationwide retrenchment to trim back the federal spending rate Ohioans couldn't yell "Foul!" because their own Rhodes administration was committed to an austerity program. Washington now has explained this was the case — that it was trying to save money by cutting administrative allotments in all states.

This is the awkward thing about saving money. It always hurts a little. And the reaction of those who get hurt always is the same: It should have happened to the other guy, not to us, because we deserve better.

If government spenders ever had to cut budget to the quick — if they were denied the privilege of writing deficit on the cuff — the wailing that would go up to high heaven would make the stars, themselves, weep.

Parental Apathy

Parent-Teacher Association meetings customarily attract large numbers of interested parents when the first school "open house" programs are held at the beginning of each fall term.

Thereafter, the attendance dwindles. At a recent evening session in one school, only 12 persons showed up.

Is it any wonder that teachers sometimes question the interest of fathers and mothers in the educational progress of their children? One of the best places to find out would be at a PTA meeting, although some parents have conferred with instructors at the close of a school day.

Parents who show little or no interest in their school system are usually those who complain the loudest when they shouldn't.

Purely Personal

By Truman Twill

Some of us curious bystanders who were agast in 1954 when Sam Sheppard the Bay Village, O., osteopath was convicted of murder on what seemed flimsy evidence now are agast over the misgivings of Cuyahoga County officials about keeping him in jail. Were we bystanders right in the first place?

I wonder when rightists wail that all is lost whether they ever heard of the deep despair that lays the groundwork for long residency in an insane hospital, with all the other victims of melancholia.

Many times while reading proofs I wonder where printers were the day teacher explained why question marks and exclamation points sometimes go inside the terminal quote, sometimes outside.

As a nonswimmer I dread the idea of going out on deep water in a small boat, though I have done this many times without fear when the situation presented itself. I have the same feeling as a flyer — scared sick of the idea of flying but always willing to get on a plane.

Half my ancestry is German, but I fear the trait that has turned Germans into savage killers twice in my life and regret the lack of coverage of the trials of war criminals now going on in West Germany — conducted by Germans, themselves. We need to remember the full horror of Hitler's mass extermination project.

If I owned stock in a shopping center, I'd offer to put in free parking meters for my competitor — to drive him out of bus-

ines. Yet downtown shopping centers in cities are still holding on to parking meters and the ever-present threat of fines that discourage downtown shoppers.

It's carrying self-reliance pretty far when a cousin of Queen Elizabeth can't get a job in the government because he can't pass a civil service examination, especially when the 22-year-old Briton is taking a postgraduate course in economics at Stanford University in California. Either Stanford or the examiners must be wrong.

I am personally convinced my great good government has stumbled into a bear trap in South Viet Nam — or should it be called a "dragon trap."

My sense of fair play is wounded when kindly bartenders fail to put two olives in a double martini, this being one of the small indignities that test the composure of us long-suffering citizens with very little dignity in the first place.

There's still a chance, but the first full winter for my snow blower has not come up to expectations. The idea was to amortize the thing at the rate of \$20 a blizzard, which was what it would cost to rent a bulldozer to clear out the drifted snow in the Twillery lane. So far there has been only one \$20 storm.

I am pulling for Edward Bennett Williams to destroy the U. S. Senate's assumed right to conduct trails of U. S. citizens without indictments and without the right of cross-examination.

'Don't Forget, Every Now and Then,
We Mention Civil Rights!'

Red Propaganda Push

By VICTOR RIESEL

Alternately orating in public and stormily handing out directives in secret cell sessions, Communist party leader Gus Hall has been riding the Midwest circuit like an inspector - general of old.

He has revived local Communist "branches" and "clubs." He has reorganized regional headquarters. He has pledged finances and propaganda literature—all in preparation for a national party drive to rehabilitate itself on the political, labor and educational fronts.

In the last few days he and his comrades have grown even bolder. They have talked of and planned mass demonstrations through various fronts in Washington, New York and Chicago. They have called for national work stoppages. They have acted as though they once again led a mass party, hoping to exploit what they call the "cold war thaw," new East - West trade relations and the sympathy for N. S. Khrushchev, now in an ideological death duel with Mao Tse-tung.

OF COURSE, no one really knows who actually has been financing Hall's hedge-hopping. It's an extensive and expensive trip. For months now he has been in and out of Kansas, Missouri and Illinois.

His most recent stop was Chicago, where he met secretly with the city's Communist "politburo" in a downtown hotel. Now he is reported heading for his old stomping grounds in Ohio.

In Chicago after the meeting with Hall, his comrade James Jackson, editor of the twice-a-week Communist newspaper, The Worker, publicly called for a national strike to pressure Congress. Why suddenly so bold?

It was on Feb. 26 that Jackson issued the call for a coast-to-coast work stoppage. He and Hall knew then what had occurred in the Court of Appeals here on Friday, Feb. 21. Since it was a quasi-holiday celebrating George Washington's birthday, very few others paid any heed to the 5-4 decision of the court in the case of the Communist party against the U.S. government.

THE RULING went against the Justice Department's Internal Security Section, headed by Assistant U.S. Attorney General J. Walter Yeagley.

To understand the full impact of this ruling it is quite necessary to know that for 14 years now the Internal Security Section has been in the courts energetically but futilely attempting to get the Communist party, U.S.A., to obey the law and register on form IS-51A. This simply requires—under the law—that the party register as a Communist action group. It is no different from other "disclosure" laws covering the stock market, corporations and unions.

A few years ago a Federal District Court in Washington, D.C., ruled that the party must register. The Communists turned to the Court of Appeals and were heard by a three-man bench. The three judges said

that the lower court was wrong. THE GOVERNMENT then appealed for an "en banc" review of the latest ruling. This means that the Internal Security Section wanted the entire Court - all - nine judges - to rehear the case.

The Internal Security Section wanted to argue that the Communist party officers had no right to refuse to fill out Form IS-51A on the grounds of possible self-incrimination. They would not incriminate themselves, for it is not illegal per se to be a member or officer of the Communist party.

But on Feb. 21, the Court of Appeals refused to approve a rehearing and rejected the Justice Department's request. The government is now undecided as to what procedure should be pursued after 14 years in the courts.

If the department goes to the Supreme Court and is rejected, that ends the effectiveness of the Subversive Activities Control Act, passed to disclose the inner workings of the Communist international apparatus. If the Internal Security Section goes back to the lower courts it will mean starting all over again and will take perhaps another decade.

TO DROP the case would be dropping the government's responsibility to its people. Not in years has there been such intense pro-Soviet activity as there is now across the land in support of the U.S.S.R. This activity goes far beyond the official Communists.

There is, for example, the National Council of American-Soviet Friendship, Inc., which is not a section of the Communist party or of any of its official machinery.

The council has just launched a drive for \$50,000 to pay for the following activities: To "restore a student director to our staff to go to campuses throughout the country to promote forums on American-Soviet relations and a wider university - with - student exchange."

"To employ a Trade Union Director to go into industrial centers of the nation, to persuade workers that jobs and security can be assured only in a world at peace depending upon American-Soviet understanding. . . . Also to promote exchange of workers delegations."

The big propaganda push obviously has begun.

Sometimes the neighbor just laughs at me and encourages the child to laugh at me, too.

I'm not mean to my son but I believe in discipline. I'm afraid the neighbor is undermining me in small but important ways. My husband says I must be imagining things but he doesn't see it since he is not at home when she visits and does her dirty work.

I'm concerned because the boy is disobedient and behaves in an obnoxious and arrogant manner for hours after the neighbor leaves.

I may have your advice? — GOSHEN, IND.

Dear Goshen: Tell your neighbor if she wants to be welcome in your home she must keep quiet when you reprimand the boy. And make it clear you mean business.

She is trying to curry the child's favor at your expense. Don't tolerate it.

Confidentially

TO SISTER OF EXCELSIOR OF MINNEAPOLIS: Yes, I'm aware you have written about the same problem three times. I have not printed it because I believe you want to embarrass your sister. The facts as outlined by you certainly make the poor woman look foolish.

I'm especially alert to this sort of thing when people write to me about a relative's problem and request that it be published verbatim.

If your sister wants my advice she can send a self-addressed, stamped envelope to Ann Landers in care of this paper. I will be happy to help her if I can.

TO SHORT - ORDER SHEL-DON: Why don't you remove the booths and put in stools? This will eliminate coffee customers who sit in the booths for hours.

New Image

By DAVID LAWRENCE
President Johnson handled himself just right in his press conference the other day—the first to be shared simultaneously with a television and radio audience.

There are the atricial temptations and political dangers in appearing before a mass of listeners over nationwide net-

works. Mr. Johnson didn't try to be a Bob Hope or a Jack Benny or to use the applause-getting methods of any other TV star, but presented himself simply as an earnest, dignified president of the United States. In choosing not to be a showman, he may not have won the "beatle"-minded but he probably earned the respect of mature citizens. The sharp and witty innuendoes of political combat, moreover, were omitted, as this device sometimes alienates as many as it attracts.

The President's answers were clearly expressed, and he was both tactful and diplomatic in avoiding the pitfalls of extemporaneous comment which have embarrassed some of his predecessors.

MR. JOHNSON appeared a changed man from the days when he was majority leader of the Senate or vice president. He showed the weight of his responsibility. He was calm and restrained and was exceedingly careful to choose every word he spoke.

Take, for instance, the President's way of dealing with the Panama problem. He said he was willing to "discuss anything, any time, anywhere" and to make "adjustments" when diplomatic relations with the Panamanian government have been restored, but he made it clear that this country would not make any "precommitments."

This plainly means that the decision whether to agree to a revision of the existing treaty with Panama will not be made before but after the whole subject has been explored in conferences between the two governments.

On domestic politics, Mr. Johnson was equally restrained and chose his words carefully. He preferred, for example, not to involve himself in the techniques of a court trial and said merely that he wouldn't comment on the Bobby Baker case until the hearings have been concluded and the Senate committee has made its report.

Beseched for an educated guess as to who his Republican opponent in the presidential race might be, Mr. Johnson quietly replied that he himself hadn't been nominated as yet and that these were matters for the conventions to decide.

WHEN ASKED about the

"public accommodations" section of the civil rights bill, Mr. Johnson didn't hesitate to state unequivocally that he stands behind the bill as it passed the House. He denied that he had promised to compromise on this or any other section. Of course, this doesn't preclude the Senate and House conferees from making compromises while assuming that the President will have to go along anyway if it's the best thing that can be done to assure final passage.

Mr. Johnson was seated during the press conference — a return to the custom of the presidents of two or more decades ago. He seemed at ease and didn't give the impression that he was delivering a speech but that he was merely conducting a conversation with the correspondents who were interrogating him.

Asked about his first 100 days in the presidency which last Saturday completed, Mr. Johnson said he had as vice president sat in on 35 meetings of the National Security Council, including the Cuban missile crisis, and that he had been reasonably close to the operations of the presidential office in the last 30 years, but that he had derived many different impressions now from "this awesome responsibility."

Unquestionably Mr. Johnson's long familiarity with the governmental scene is one reason for his adroitness in answering questions as well as his respectful attitude toward those who disagree with him or ask questions with embarrassing implications.

WHETHER THE TOPIC was the political or military strategy to be pursued in the Viet Nam muddle or the requested amplification of his recent remarks in Los Angeles in which he referred to the "dangerous game" being played by the "aggressors" in Southeast Asia, the President was as cautious as any career diplomat in his selection of words.

Mr. Johnson didn't care to say now whether he will engage in a TV debate with the opposing presidential candidate next autumn. He said merely that he will "cross that bridge" when he comes to it. This leaves him with plenty of opportunity to decide either way, depending on the circumstances existing at campaign time.

Lyndon Johnson has learned in his 30 years of experience on Capitol Hill that it's never wise in politics to make a superfluous statement or to issue one long before it is actually necessary.

On the whole, Mr. Johnson's demeanor at his TV conference with the press, if continued, will give an image to the public of a hard-working, cautious and sincere man whose mistakes, when they occur, will not lack of conscientious effort as to the turns of fate in a topsy-turvy world.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Health Questions And Answers

Q—I am involved in the production of articles made from beryllium. To what extent is this metal toxic?

A—Anyone who works with powdered beryllium or its oxide is likely to inhale minute amounts. The effects appear more rapidly in some persons than in others, but over a period of several years this may lead to a thickening of the air sacs in the lungs. This would interfere with the normal exchange of gases in these sacs, and cause shortness of breath on exertion, coughing and loss of weight. The victim may also develop nonmalignant tumors of the liver, spleen, lymph nodes and skin.

If the disease (berylliosis) is discovered early and the victim is removed from any further exposure to the metal, no lasting damage is done. The diagnosis can be aided by using a patch test in which a 1 per cent solution of beryllium sulfate is applied to the skin. Steroid hormones have been used to treat the disease, but the best treatment is prevention. You should consult a specialist in industrial health hazards for proper methods of eliminating the beryllium hazard in your plant, if there is one.

Q—What is Parnate used for? What are its side effects? Could it lower the blood pressure enough to cause shock?

A—Tranlycypromine (Parnate) is primarily a tranquilizer. Side effects may include restlessness, insomnia, drowsiness, dizziness, dry mouth and headache. The drug may lower the blood pressure, but in the doses prescribed by your doctor it would not cause the pressure to fall to shock level. When the drug is discontinued, the blood pressure quickly returns to the pretreatment level.

A—I'm 40 and my pulse runs between 52 and 55 beats per minute. Is this abnormally low?

A—A pulse rate as low as 50 may be normal in some persons, especially large-bodied athletes. An electrocardiogram would show whether or not your low pulse rate is associated with any irregularity of the heart. If your tracings are normal, you have nothing to worry about. In fact, persons with a normally slow pulse usually live longer than those with a fast one.

Q—About five years ago my uterus was removed, and 18 months ago I started to get fat across the middle of my abdomen. What could cause this?

A—It is not uncommon for women in middle age to develop a protruding abdomen. If you

are not unusually fat, especially around shoulders and hips, this change in shape is probably not due to an accumulation of fat, but to sagging abdominal muscles or to bloating. A tight-fitting girdle and exercises to strengthen the abdominal muscles should help you to regain your shape. If bloating is the cause you should avoid starchy vegetables (potatoes, rice, corn, peas and beans) and carbonated beverages.

New idea in life insurance! Nationwide's "Adjustable Plan" lets one policy do the work of four

You buy one policy, then add or subtract other kinds of protection as often as your needs change. It is the most flexible plan ever.

Include any of these "Benefits" in one Nationwide policy. Add or subtract them as your needs change.

These 4 "Benefits" required separate policies until now

Wife and Children Benefit: Provides insurance for wife and each child. Children born later are insured after 15 days at no extra cost. It also guarantees your children can get more insurance when they are 22 regardless of their health.

College Savings Benefit: Provides money to pay for children's college education. You pay as much as 15 percent less for this plan than for all other college endowment-type plans. Nationwide guarantees substantial interest on your money.

Family Security Benefit: Low-cost, extra insurance for father. It provides a large amount of protection while children are young. Then it decreases in value as children grow older. It is called decreasing term insurance.

"Level Term" Benefit: Term insurance. It runs for a specific term—5, 10, 20 years. Does not build up cash value. It is pure insurance. It costs less than insurance that builds up cash value. Level term pays full amount if you die within term.

These 5 "Benefits" can also be added to your one policy

"Dividend Term" Benefit: Insurance that is completely paid for by the dividends from your basic Nationwide Life Insurance policy. Requires no out-of-pocket expense.

Guaranteed Insurability Benefit: Lets you buy more life insurance—as much as \$60,000 more—as you get older, regardless of your health. Eliminates medical check-ups to get insurance.

Accidental Death Benefit: Can provide as much as two and three times the face amount of your basic life insurance policy if death is a result of an accident. A "must" if you travel a lot.

Waiver of Premium Benefit: Self-completing "Benefit." If you become totally and permanently disabled, Nationwide will pay all your insurance premiums for you.

Retirement Benefit: Guarantees your right to buy retirement income anytime in the future at today's low prices. This "Benefit" can save you quite a bit of money when you retire.

Until today, if you had a life insurance policy on yourself, you had to buy a new policy to insure your wife. Another for your mortgage. And so on. Complicated, and you paid extra to have the new policies written.

Today, Nationwide's "Adjustable Life Plan" ends all this. It lets you custom-tailor a single policy to fit your needs, and change it as your needs change. Simple. And it gets rid of extra costs. Here's how it works:

LET'S SAY you already have a life insurance policy on your life and you now want to insure your wife and child.

Until now, you had to buy a brand-new policy to insure them both.

There were drawbacks to this. You had to pay extra to cover the paper work involved in writing a new policy. You also had to take more insurance on yourself.

Now Nationwide's "Adjustable Life Plan" lets you insure your wife and child without buying a new policy and without buying more insurance on yourself.

You simply select Nationwide's "Wife and Children Benefit" and add it to your one, basic Nationwide policy.

You can do the same thing with four different "Benefits" that used to require buying separate policies—the top four described at the left. Besides that, you can add the five described below at the left. Nine "Benefits" in all.

If you'd like to learn more about this amazingly flexible plan, call your local Nationwide representative today. He can lend you a hand with all your insurance—life, health, home and auto. He's listed in the Yellow Pages.

NOTICE TO NATIONWIDE POLICYHOLDERS

If you now own a basic Nationwide Life Insurance policy and you bought it since 1948, you can go back and revise it with any of these nine "Benefits."

Hints from Heloise

— By Heloise Cruise —

Dear Heloise: For the mothers who must wax their kitchen and bathroom floors to say nothing of the rest of the house. . . I would like to tell you my method.

When I use liquid wax I always dilute it with two parts of very hot water. The hot water thins the wax and not only makes it easier to apply but it dries three times as fast. I notice also that I do not get a build-up when using this method.

The hot water also seems to melt the wax already on the floor and fill up those little scratches which children's shoes and the heels of women's shoes make.

WILMA. DEAR HELOISE: The best way to remove grass stains from clothes is to rub them with glycerine (available at the drug store) and leave it to soften for about 30 minutes. Wash the garment as usual.

I have four youngsters and it works every time.

And another thing. . . when I fill my husband's lunch box I always include a mason jar filled with cracked ice. This not only keeps his lunch cool but he has a jar of cold drinking water.

Sometimes I put iced coffee or a bit of strong tea in the jar along with a few saccharine tablets and he has something even better. It will

Mr. and Mrs. Joseph Gromley of RD 1, Kensington, announce the engagement of their daughter, Linda, to Walter I. Hall, son of Mr. and Mrs. L. Everett Hall of 564 Bank St.

A June wedding is being planned.

be noon before the ice cubes are half melted. The result is a perfect drink.

My husband found it even better when I wrapped two paper napkins around the mason jar because the ice cubes did not melt so fast.

I LOVE-THAT-MAN.

DEAR HELOISE: The instructions on bottles of frosted nail polish say to use the enclosed stick and stir thoroughly. When using this method I can never get all the frosted part completely off the bottom of the bottle and end up with part of it on the stick!

If you store your bottles of nail polish upside down after CAPPING WELL. . . the frosted part of the polish will settle near the top of the bottle.

Then when you are ready to use the polish, set it right side up again for a few minutes and shake thoroughly as directed.

The frosted part will blend beautifully!

LORETTA HUNNICUTT.

FROM HELOISE'S KITCHEN LADIES, PLEASE. . . DO NOT fill your ice tray with boiling water to defrost your refrigerator! A pot, pan or anything else, yes, but not your good trays.

These ice trays have been coated with something to keep your ice from sticking. By putting boiling water in them or washing them with detergent, you are removing the film that was put on the trays in the factory. . . and your ice cubes will begin to stick to the trays, and that release handle will eventually break! I have bought ice trays each year, for years, until I found this was the answer.

This has also been verified by the manufacturers.

Sportswear, Main Floor

DEAR HELOISE: I wonder if women who wear overshoes know that if they keep the bottom part of an old nylon stocking in each boot, they could pull the stocking over each shoe and then insert the foot in the overshoe!

This certainly keeps suede from becoming shiny! Also makes the boot easier to put on.

MRS. C. PERRY.

DEAR HELOISE: I buy small-sized chenille rugs in right colors. I use these in the playroom, and in the basement area. They catch all the spills and what-not and they look nice too.

I also put the small rugs under the tables in the corners of the room and they act as dust catchers. This is a lazy way but most effective!

IRENE OSHORU.

DEAR HELOISE: When frying fresh or frozen fish, which

has to be coated with a batter, I use regular cream of wheat! The fish b. owns better. . . and you should taste the difference.

Councilmen At Rogers Pass Budget

ROGERS — Council Monday night tentatively approved a 1964 appropriation of \$10,519.14, subject to the approval of county commissioners.

The group received the deed for the piece of property owned by the Youngstown branch of the Montour Railroad Co. a tract where a municipal building may be erected. The property lies at the northeast corner of the village along the railroad's spur.

It was reported that the corporation sign north of the village is being repaired and painted and will soon be re-erected.

All council members except Robert Whitacre were present. Bills totaling \$487 were paid.

Council will meet again April 6.

Proceeds from a bakeless bake sale, sponsored by the Rogers School Mothers Club Thursday at 1 p. m. at the school, will be used to finance the children's Easter party.

Mrs. Robert Welce, president, said parents unable to attend the sale may send money to school with their youngsters.

Mrs. Leo Jenkins of here, Mrs. Jean Flick, Columbiana County stroke nurse from the Lisbon Heart Council office, and Mrs. Harry Price of the Youngstown Area Heart Association were guests at the Elkhon Mothers Club meeting Thursday. Films were screened of the stroke rehabilitation program to be carried on in the county this year.

force, but finding a way to meet conflicting demands of Cyprus and Turkey on how to refer to a 1960 treaty guaranteeing the Cypriot constitution.

The treaty gave Britain, Turkey and Greece the right to intervene to preserve the constitution, which grants the Turkish Cypriots minority veto rights that Makarios wants to do away with. Cyprus wanted all reference to this treaty omitted and insisted on a Security Council guarantee for the territorial integrity of the island republic as protection against invasion by Turkey.

The formula for the international force is similar to that sought by Britain and the United States from the start. The secretary-general would work out with the parties concerned the composition of the force. He would appoint its commander and the commander would report to him. That would report to the Security Council, but the council would not control the force.

of the County Board of Health, reported on the 1965 budget which will remain the same as this year, \$43,913.

The group discussed dumps and it was the consensus that unless a person collecting garbage has his own dump, he should not be issued a license. No action was taken but Harry Stockdale, county sanitarian, was questioned in regard to dumps now being operated.

County health commissioner C. S. Palmer who will retire March 5, was lauded by the group for his operation of the health department the past seven years.

The Advisory Council's next regular meeting is set for the first Monday in March of 1965.

Commissioner Galen Greenstein, chairman of the Board of Commissioners, presided at the meeting. Commissioners Walter Hunston of East Palestine and James Boyd of East Liverpool also were present.

Atty. Howard Cole represented the prosecutor's office. He is also the president of the County Board of Health. Others present were Harry Stockdale, county sanitarian who, along with a district representative from the State Health Department at Cuyahoga Falls, authorized the new dump.

69 Beavers Reported Trapped In County

A total of 69 beavers were trapped in Columbiana County during the recent trapping season, Feb. 15-28, according to James Kelly of Guilford Lake, county game protector.

All traps must be tagged if the trapper wishes to sell them, Kelly said.

ALTERNATE CANAL ROUTES—Seeking a better ocean-to-ocean route, the United States has explored 30 different ways across the narrow waist of the continent. While these studies are by no means new—they have been going on for more than 15 years—renewed interest has been shown in them since the recent flare-up in Panama, especially the five routes shown on the Newsmap. A score card line-up of the 30 routes

would show that 1 goes through Mexico, 7 go through Nicaragua, 11 pass through Panama, 5 go through Panama and Colombia and 6 go through Colombia. Troubles with Panama aside, the present canal is growing obsolete. It is thought that by the end of the century it will be totally inadequate. A sea level channel without locks is the goal. It is estimated that another canal built with nuclear explosives would cost about \$500 million.

Two S. Viet Nam Battalions Mauled By Red Guerrillas

TAN CHAU, South Viet Nam (AP)—Communist guerrillas severely mauled two crack Vietnamese airborne battalions today, inflicting the heaviest casualties on government forces in a single engagement in months. A U.S. adviser was among the dead.

In an hour-long battle which one U.S. officer described as the "damnedest firefight I have seen since World War II," 85 government troops were wounded and 15 killed, including an American captain advising an airborne battalion.

Vietnamese authorities claim more than 100 Viet Cong guerrillas were killed in the engagement, which began soon after dawn. But American advisers at the scene could not confirm the report.

The battle took place in Kien Phung Province beside the Mekong River, barely 2,000 yards from the Cambodian border.

The airborne battalions were searching for a guerrilla battalion which was known to be operating in the border area.

After breaking off the fight, the Communists were reported to have headed toward Cambodia.

U.S. helicopters could not fly in because of a rule prohibiting operation of U.S. aircraft closer than three miles to the border.

The killing of the U.S. captain increased American combat deaths in Viet Nam to 113.

His identification was withheld.

foundation, he believes.

According to a complex state formula which Beynon used to illustrate the city's state payment in 1964, Salem will receive \$310,159.21 in four quarterly payments, or about \$3,000 less than last year, from the government agency whose money derives from sales taxes, cigarettes and other sources.

The first 1964 state foundation check for \$77,000 arrived recently, according to clerk Arthur Furey.

Explains Complex Plan

Beynon spent a good share of the lecture on a step-by-step explanation of the complex method of the State Department of Education used in figuring amount of State Foundation funds going to various Ohio school districts.

Using Salem as an example and figuring the amount of support for 1964, Beynon showed how the key to the calculation is the total approved teacher units. Salem with 170.50 certificated employees, this year has 147.05 teacher units which are based on 3,797 pupils (312 kindergarten, 2,349 elementary (1 through 8 grades) and 1,136 high school pupils; Vocational education units, administrative and special instructional units, and other matters are taken into consideration in figuring the teacher units.

Amount of training and education also plays an important part in the amount of state support. Salem has 19 certificated employees with master's degrees, 37 with five years of experience without a master's, 86.5 with a bachelor's degree, 21 with 3.99 years of training and seven with 0 to 2.99 years of training.

Methods Outlined

Beynon pointed out that Salem's payment from the state foundation could be improved

AWOL Marine Admits Slaying Parents, Sister

BOYNTON BEACH, Fla. (AP)—Police say a 19-year-old AWOL Marine has admitted the ax-killing of his father, mother and sister in Decatur, Ill.

Michael Lee Gambrell, object of a nationwide alarm broadcast after the mutilated bodies were discovered Monday, was picked up Monday night as he hitchhiked along U.S. 1 near this south Florida town.

Police Sgt. William R. Hamilton said Gambrell seemed shaken up and volunteered that he had done "a terrible thing."

Hamilton said Gambrell told him he had been absent without official leave from his outfit at San Diego Marine Corps Recruit Depot, San Diego, Calif. since Feb. 22.

Gambrell told police he abandoned the family's 1959 automobile at Fort Pierce, Fla., and started south along U.S. 1.

At Decatur, Police Chief James May said murder warrants were issued for Gambrell after the bodies of Everett Gambrell, 49; his wife, Eileen; 46, and their daughter, Anna Belle, 13, were found.

In Decatur, a neighbor of Mrs. Gambrell said Michael was angry because his parents refused to help him get out of the Marine Corps.

Man Found Guilty On Burglary Count

LISBON — A verdict of guilty was returned today in the burglary trial of Lovell Coleman, 23, of Beaver, charged in the burglary of the Goodyear store in East Liverpool last Oct. 10.

Common Pleas Judge Raymond S. Buzzard charged the jury of six men and six women this morning and they began deliberations at 9:40 a.m. and returned their verdict at 11 a.m. Sentencing was held up pending a motion for new trial.

The next criminal case is the forgery trial of Austin Wayne Hoschar, but his attorney reported he is confined to a hospital and is unable to appear. The trial was set to begin here tomorrow.

investigators were to examine the crash scene in an attempt to learn why the plane crashed.

The victims, all Californians and mostly from the Salinas and San Jose areas, were headed for a day at Nevada gambling casinos when the plane was caught in a blinding snowstorm.

Pilot Henry Norris, 43, took his plane to the north end of the 6,228-foot-high lake for a routine approach to Lake Tahoe Airport.

He radioed at 11:29 a.m. Sunday that he had spotted the lake through a break in the storm and was over the last approach marker to the airport. Two minutes later he began a message: "Flight 901—" "Nothing more was heard."

Air and ground searchers, hampered Sunday by the snowstorm, did not find the plane until 7:30 a.m. Monday—when it was spotted on a ridge near the south end and several miles east of the lake.

Authorities speculated that at the last minute Norris changed his flight plan and headed for Reno or Carson City.

The biggest piece of wreckage was the tail section. Most of the other pieces were so small they were hard to distinguish from tree stumps and rocks.

Helicopter pilot Leroy W. Marx, who spotted the wreckage said: "If he Norris had been 25 to 30 feet higher he would have cleared the peak."

The board also discussed plans for the May 5 primaries and authorized the employment of additional help needed in the office.

Beaver Board Names Kent Center Trustees

Jack Pozenel and Dr. Arthur Cloran were appointed by the Beaver Local Board of Education Monday night as members of the board of trustees of the Salem Academic Center of Kent State University. Pozenel was named as a two-year member and Dr. Cloran as a one-year member.

The board took under advisement a request from the Band Parents Association that the board borrow money to buy uniforms with the parents' group to pay back the money. A ruling on such a method of uniform purchase will be sought from the county prosecutor's office.

Judge at Ruby's Trial Becomes Ill

DALLAS (AP)—Dist. Judge Joe B. Brown, presiding at the murder trial of Jack Ruby, became ill and was sent home today by the doctor. However, another judge took his place.

Judge Brown said from his home, "I've got an awfully bad cold and the doctor told me to stay in bed."

The judge said Judge J. Frank Wilson, another judge of a court dealing in criminal cases, probably would take Brown's place.

This is the road map smart investors follow (do you?)

The turns you can take when you're investing are many. Wise investors avoid the wrong ones and take the right ones. Do you?

Here's a start on six:

Wrong turn: Buy on the spur of the moment.

Right turn: Be wise. Plan your investment goals. Are they to build a second income? To put your money out to grow? When you invest according to a plan you believe fits your objectives, you're more likely to get where you want to go.

Wrong turn: Bend a credulous ear to tips and rumors.

Right turn: Be skeptical. With the best will in the world, someone may pass along a hot rumor to you that has no basis in truth. Cool accurate facts are what you need. Your broker will be glad to help you get them.

Wrong turn: Consult any broker handy.

Right turn: Be deliberate. A broker's job is an important one. Is it his full-time occupation? That's one of many things required of every Registered Representative in a Member Firm of the New York Stock Exchange. And though differences between Member Firms are many, each is subject to the Exchange's regulations. Don't, of course, expect them to be clairvoyant. Who is?

Wrong turn: Invest your last penny.

Right turn: Be astute. Your financial expenses have first call on your pocketbook. Hardly less important is provision for emergencies. Those cared for, you may be ready to consider investing with the idea of extra income or growth.

Wrong turn: Trust your infallible good luck.

Right turn: Be canny. Prices fall as well as rise. Not every company will prosper. This is why you'll want to look for favorable signs. Such as trends of earnings. Dividend records. And other significant information. Ask your Member Firm broker how he thinks bonds might fit your needs.

Wrong turn: Ignore the coupon below.

Right turn: Be smart. Send the coupon for "DIVIDENDS OVER THE YEARS"—a booklet packed with useful information. Such as the records of more than 500 stocks that have paid a cash dividend each year for 25 years or more. And it tells about the Monthly Investment Plan through which you can acquire stock by investing with as little as \$40 every three months (\$3.08 a week).

Gosney, Rapport In Columbus to See Glenn

Maurice Rapport, East Liverpool businessman, and Don R. Gosney of Columbiana, county Democratic chairman, went to Columbus today to visit Col. John H. Glenn Jr., their party's hospitalized candidate for the nomination for U. S. Senator from Ohio.

The two flew to Columbus for the visit with the Marine colonel, who has been a patient in Grant Hospital since he was injured in a fall in the bathroom of his apartment Wednesday. They expect to return tonight.

Rapport said he and Gosney expected to talk over campaign plans with the colonel.

DIES FOLLOWING CRASH

COLUMBUS, Ohio (AP) — A man found lying in a West Side backyard died of bleeding from massive internal injuries, Coroner Robert A. Evans says.

The body of Arthur Coburn Jr., 33, of Columbus was found Monday. Police said his car was involved in a collision with another Sunday night, and that he wandered away and couldn't be found after talking with the other driver.

Life's Dreams

By HAL BOYLE

NEW YORK (AP)—Curbstone comments of a Pavement Plato

There are two kinds of goals in this world—those you do something about, those you don't.

It is the goals you try to achieve that often turn life into a nightmare. It is the goals you only daydream about that sometimes give you your greatest satisfaction.

Everyone has ambitions he prefers to pursue more in phantasy than in real life. They are a portion of childhood's wonderful world of make-believe, that we carry over into adulthood and help keep us young.

Sometimes these desires are spoken. Sometimes, for fear of being ridiculed, we hide them in a secret corner of the heart. And whether such dreams come true is really unimportant.

I have a friend whose hobby for more than 30 years has been trumpet playing. During all that time he has entertained a dream—to give a solo concert in Carnegie Hall.

"I don't want to make any money out of my concert," he says. "I don't even want tickets to be sold—not even as a charity benefit. I want to rent the hall with my own money, and invite only the people I want to be there—fellows like Satchmo Armstrong, Miles Davis, Al Hirt and Harry James, people who know an honest trumpet when they hear one."

"I don't even want any other instrument lousing up the back-

ground. I just want to stand up there in that big spotlight and blow my brains out on that trumpet for three hours."

Intermittently, this friend goes back and takes fresh lessons to keep his lip sharp. But over three decades, he's as bad as he ever was.

There is no chance whatsoever he will give a concert in Carnegie Hall. If he did, he'd set jazz music back half a century. But he's happy with his dream.

I have another friend whose ambition is to beat to a pulp the lieutenant he served under in World War II, a wish common to many ex-enlisted men.

Actually, he'd do no such thing. If he did meet up with his old looney, they'd be clapping each other in five minutes and talking about what a great war they had together. Meanwhile, he enjoys his harmless revenge dreams.

I have one of these self-transquiling aspirations, too. It's to write the great American novel.

Had this goal since I was 12. Started to write it a thousand times. Never got beyond the first paragraph. After the opening sentence, I start daydreaming about how I'll sell 10 million copies, sell it to the movies for \$5 million and—

Why wear your mind out trying to write a book that may turn out to be lousy, when I can just sit there and enjoy spending dream money? So the rest of the page stays blank.

Dreams are best while they remain but hopes.

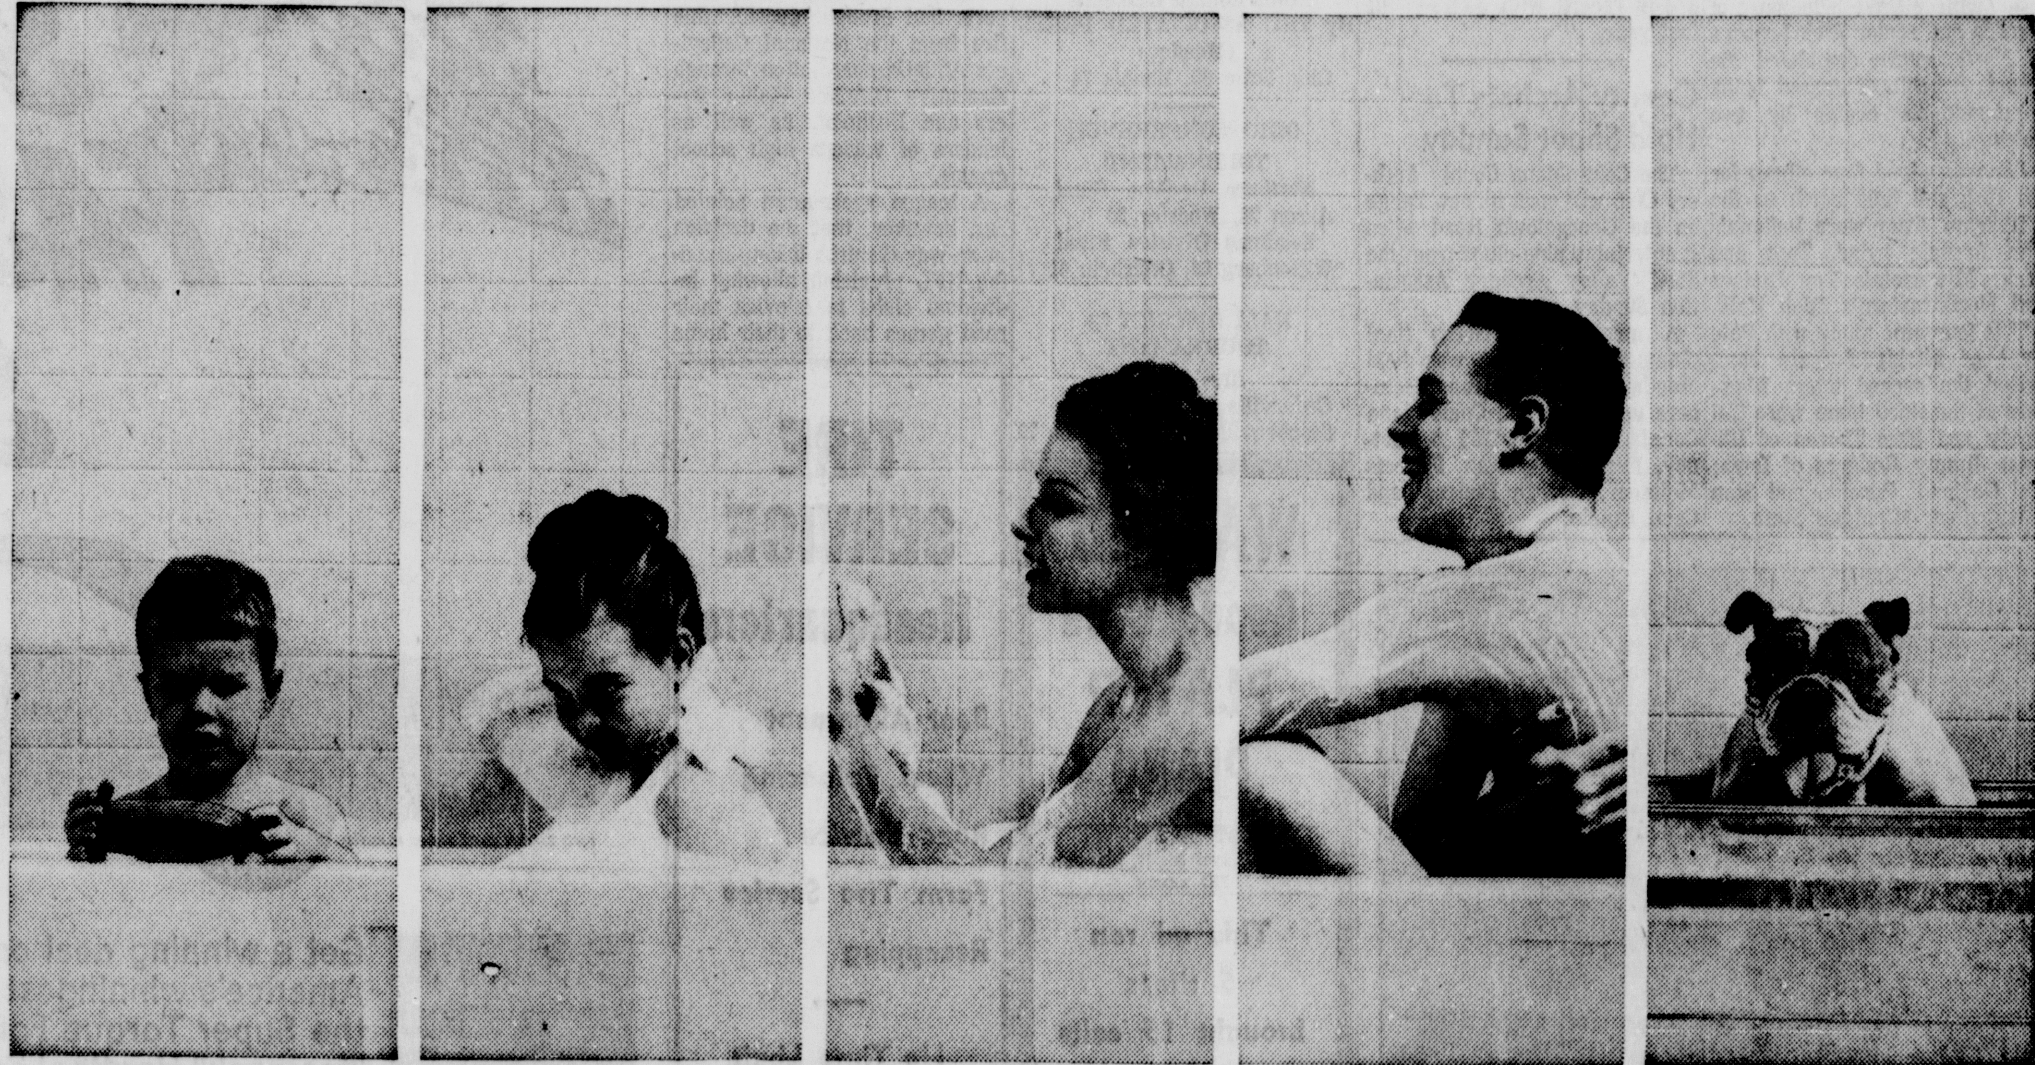

Sandy Says...

"I'm a thrifty mon by nature. I can no abide flinging money about recklessly to meet high interest rates. That's why I financed my new car at Farmers National Bank with their LOW COST BANK AUTO LOAN. They're a bonny clan when it comes to making your money stretch!"

Akron Meets Wittenberg In OC Title Game Tonight

Youngstown Battles LeMoyne Unit Friday

AKRON, Ohio (AP)—The setting will be familiar when the Wittenberg Tigers and the Akron Zips meet here tonight in the title game of the Ohio Conference Basketball tournament.

The two teams have been the finalists each year since the tournament was started in 1960, with Wittenberg winning all four years. Tonight's winner will advance to the NCAA small college regional tournament to be held here today.

Wittenberg won the Southern Division championship of the Ohio Conference Tournament by defeating Otterbein, 69-61, at Columbus Monday night.

Randy Berentz scored 22 points to lead the Zips to a 76-53 victory over Wooster and the

Northern Division crown.

Wittenberg held a 32-25 lead at halftime following nine ties and four lead changes. Gabe Kovacs made 25 points to lead the Tigers to their 18th victory in 22 games. However, scoring honors for the game went to freshman Don Carlos of Otterbein, who made 33 points. The Otters' defeat left them with a 16-5 record for the season.

Akron built up a 35-21 half-time lead and then coasted to its 19th victory in 25 games. The Zips went ahead to stay and the score was tied four times in the first six minutes of play. Buddy Harris made 14 points to lead the scoring for the Scots, who ended the season with a 17-9 mark.

Tonight's winner will meet Ithaca (N.Y.) College (16-2) in the semifinals of the NCAA regional tournament Friday night. Youngstown (23-2) is paired with Le Moyne College of Syracuse, N.Y., (16-5) in the other semifinal.

The regional winner will advance to the national finals at Evansville, Ind., March 11-13. Wittenberg was second in the nationals last year, losing to South Dakota, 44-42, in the championship game.

McMahon Won't Take Big Cut From Cleveland

TUCSON, Ariz. (AP)—Pitcher Don McMahon, one of the Cleveland Indians' two holdouts, plans to arrive here tonight to talk contract terms with General Manager Gabe Paul, who will be returning from a two-day trip to Portland.

But the 34-year-old right-handed relief ace, purchased on waivers from the Houston Colts last September, has indicated he won't be easy to deal with.

"We're far apart," McMahon said Monday night via telephone from his father-in-law's home in Lancaster, Ohio. "They want to cut me \$5,000 and I'm not going to stand for it."

"They're acting as if they did me a favor by buying me from Houston, but they've got me over a barrel so I've got to go to them."

McMahon said the contract the Indians want him to sign "is the same one they sent me originally."

He earned about \$24,000 last season with Houston. He had a 1-5 record and a 4.05 earned run average.

The Indians' other holdout is rookie Sonny Siebert, who had a 4-10 record with Jacksonville last year.

County Archers To Hold Shoot Sunday

The Columbiana County Archery Club will open its new range on the Georgetown Road when it entertains nine clubs from the Steel Valley Archery Association Sunday at 2 p.m.

A meeting to discuss final plans for the shoot was held Monday in Columbiana. Members voted into the Columbiana County Club were Carl McCartney, Frank Vespasian, Francis Meissner, George Enders and Cecil Emelo.

Robbyn's Knoll To Start Loop Action May 11

Otto Crider, president of the Robbyn's Knoll Golf League, announced today that the loop would open its season May 11 and continue each week through Aug. 31.

The initial field day has been scheduled for May 9. Two divisions, the National and American, will compete and will terminate the campaign with a playoff of the championship.

Chet Tetlow and Donald DeJane will serve as secretaries for the two brackets.

Teams entered in the American League are Circle Pump, Franklin Market, Pittsburgh Foundry, Lippiat's Floor Covering, Eljer No. 2, Salem Music Center, Superior Wall Paper, Gordon Sports, Ohio Fuel and Gas No. 1, Penn Grill, Pine Crest Lanes, Saxon No. 1, Salem Moose, Shamrock Lanes, Burky's Dairy and Hal Keefe's.

The National division lineup will include Log Cabin, Maher Appliance, Robbyn's Knoll, Saint Anns, Eljer No. 1, Herron Food, Julian Electric, Ohio Fuel No. 2, Corso's, Fisher Realty, Charlie's Boats and Motors, Saxon No. 2, Gotchalls Tool and Die, Independence Hose Co., Top Notch Pizza and Lincoln Machine.

OS's Bradds Named To Big 10 All-Stars

CHICAGO (AP)—All-America Gary Bradds of Ohio State and Michigan scoring stars Cazzie Russell and Bill Buntin were unanimous choices on the 1964 Associated Press All-Big Ten basketball team named today.

Sophomore Dave Schellhase of Purdue and senior Rick Lopossa of Northwestern completed the squad. Schellhase missed being a unanimous choice by two votes.

Lonossa edged four others for the fifth and final berth on the first team. They were Indiana's Van Arsdale twins, Tom and Dick; Minnesota's Lou Hudson and Northwestern's Rich Falk.

This foursome along with Pete Gent of Michigan State comprised the second team. Members of the third team were Tal Brody and Skio Thoren of Illinois; Jimmy Rodgers of Iowa; Mel Garland, Purdue, and Stan Washington, Michigan State.

NFL Drops TV Plans For Friday Night Grid Games

NEW YORK (AP)—The National Football League says there will be no national television of its Friday night games. College and high school leaders say that's just dandy, and all is sweetness and light today in the undeclared and unofficial dispute.

"We are very pleased by the decision by the NFL," said Asa Bushnell, head of the NCAA television committee after the statement by NFL Commissioner Pete Rozelle Monday.

"We feel it was the wise decision to make to avoid overexposure of football on television," Bushnell continued. "It leaves Friday night to the high schools and the few colleges that play on that night."

The NFL had put a "premature" label on published reports of a possible national telecasting of a series of five Friday night pro games, but didn't get around to a concrete statement on it until Monday. Those reports had brought considerable fire from the National Collegiate Athletic Association through Executive Director Walter Byers and Bushnell, as well as leaders of various high school groups.

A league spokesman pointed out, however, that the decision in no way disturbs a long-standing NFL provision allowing individual clubs to televise their road games back to their home areas, regardless of the day of the week the game is played.

Rudolph Edges Nicklaus In New Orleans Tourney

By BEN THOMAS Associated Press Sports Writer NEW ORLEANS (AP)—"This has been some day," said Mason Rudolph, pocketing the \$7,500 first place check in the Greater New Orleans Open Golf Tourney.

"We almost didn't start, almost didn't finish and almost everything happened in between," said the bespectacled pro from Tennessee's dark-fired tobacco country, who came close to blowing a four-stroke lead in the wrapup of the \$50,000 tourney Monday.

The 29-year-old Clarksville belter had to scramble for a final three-over-par 75. It gave him a 72-hole total of 283, one stroke in front of Masters and PGA champion Jack Nicklaus, Puerto Rican Jan (Chi) Rodriguez and unknown Glenn Stuart, a Michigan club pro.

The final round was nearly rained out. At 9 a.m., the scheduled starting time, a hard rain was falling on the 7,020-yard Lakewood Country Club course. An hour later the rain stopped and after another hour the greens had dried off enough to permit play.

Then defending champion Bo Wininger, confused over the delay, showed up three minutes late for his tee off time and was disqualified. He was out of contention, however, with a 54-hole total of 220, which was 12 strokes behind Rudolph.

Rudolph had his troubles. He started out with a bogey five on the second hole and was constantly in trouble because of the fairway bunkers—he was in six of them during the round.

Turning for the final nine, Rudolph was two strokes over par.

Big Shuffle In Next-To-Last AP Cage Poll; UCLA Voted 1st

By BEN OLAN Associated Press Sports Writer

Michigan's Wolverines moved into the runner-up position behind all-conquering UCLA in The Associated Press major-college basketball poll today.

UCLA piled up 398 points on 38 votes for first place and two for second from the 40 regional selectors participating in the next-to-last poll of the season.

Duke and Oregon State collected the remaining first place votes. The final poll will be taken next week.

Michigan switched places with Kentucky's Wildcats. The Wolverines had 322 points and Kentucky 300 on a basis of 10 for a first place vote, 9 for second etc. The balloting was based on games through last Saturday.

UCLA lifted its record to 24-0 last week by defeating Washington and Washington State. Michigan beat Illinois for a 19-3 mark while Kentucky lost its third game of the campaign, 65-59 to Alabama, and then whipped Tennessee 42-38. The Wildcats have won 21.

Duke, Wichita and Oregon State followed Kentucky, holding their positions in the same order as last week.

However, Davidson's 81-82 setback by Virginia Military resulted in a shuffle in the final four places in the Top Ten. The Wildcats from Davidson, N.C. tumbled into the 10th spot while Villanova, DePaul and Loyola of Chicago each climbed one notch, to seventh, eighth and ninth, respectively.

The Top Ten, with first place votes in parentheses and points on a 10-9-8-7-6-5-4-3-2-1 basis:

1. UCLA (38)	398
2. Michigan	322
3. Kentucky	300
4. Duke (1)	273
5. Wichita	209

6. Oregon State (1)	203
7. Villanova	125
8. DePaul	94
9. Chicago Loyola	81
10. Davidson	44
